

CORPORATE & CELEBRITY PROTECTION TRAINING

Close Protection & Bodyguard Training Course Structure

This Close Protection training course was designed by CTR Services Ltd to cater for the demand from our UK clients. We are endorsed by Bucks New University under contractual agreement to conduct the *Security Industry Authority (SIA)* 150 hour Short Course. The course structure focuses on developing the student to a level that they can complete a live exercise at the end of the course with one of our existing clients. No other training course can provide this type of Close Protection training with the added career development system we have to all Close Protection training students.

The recognition of the Close Protection training course is second to none and during the 16 days you will develop a portfolio which prepares you for the future within the Corporate and Celebrity sectors and management.

Career & Professional Development

As this course is based around Corporate and Celebrity protection within the UK, it has a portfolio that develops students for career progression within management and other senior aspects of the security market. The portfolio of certificates you will gain by the end of the course are :

- **CTR Protective Security Certificate.**
- **BNU Protective Security Certificate (for SIA licence)**
- **Skills for Security Protective Security Certificate.**
- **H2H RAID Protective Defence Certificate.**
- **SIA Licence Examination.**
- **Portfolio & CV creation.**

Due to the fact that we are an operational company, we offer some of our students work at the end of the course as long as they meet SIA criteria. On an average course **62%** of students have worked for CTR, **9%** of students have been placed with other companies, **5%** have gone straight into higher education within protection and the remainder have found their own paths within the industry. The year ending 2007 we conducted 1327 close protection tasks.
